Built in 2000, Thanington Resource Centre is a highly successful community centre approximately a mile from the centre of the popular Cathedral city.

The facility, set back from the road in pleasant, attractive surroundings, has recently been extended to offer state of the art training and meeting facilities. The building is fully accessible with disabled parking bays, dropped kerbs and a range of equipment to aid access and comfort and increase participation by all members of the community.

A range of hot and cold drinks and biscuits are available plus a number of buffet choices; catering for all needs and tastes. Please speak to our Catering Manager for further details.

There are 4 main training and meeting rooms, plus a large community hall with an inclusive kitchen and toilets and a newly equipped IT suite for up to 7 people. Flip charts, TV, DVD and projection/presentation facilities are all included in the room hire.

We have a newly-built fully-equipped youth space (246 sq m) also available for hire, plus office and desk space.

This registered charity has transformed a community. By using these facilities you and your organisation will be part of our sustainability and will be helping a community to help themselves.

We are open 7 days a week 9.00am-9.30pm and our friendly helpful staff will go out of their way to ensure your event goes smoothly.

The new extension completed in June 2010 was the result of a £300,000 grant by the Big Lottery to ensure the future sustainability of the project and in acknowledgement of the amazing work the Centre has achieved.
